

Q and A on CFIA release of Proposed National EIA Disease Control Program

- 1. Why was the proposed plan dated January of 2018 yet not released until the 19th of April?** *The date on the document may not reflect the completion date. Time of release to the public was decided by the CFIA.*
- 2. How is this plan different from what was done before?** *The proposed plan will direct more emphasis on the prevention of disease spread.*
- 3. How can I let my concerns or support of this proposal be known?** *You are invited to make comment directly to CFIA by going to the following link.*
<https://na1se.voxco.com/SE/?st=ugQKGuabHGMC%2bGgWGipwU8MLVFycgMNY6VxFAMBw%2bsk%3d&lang=en>
- 4. If I support the proposal, do I need to comment?** *Yes. All stakeholders should take the opportunity to provide feedback.*
- 5. Can the SHF represent my concerns with CFIA?** *No, the SHF does not lobby. Individual stakeholders should register their concerns directly to the CFIA link mentioned above.*
- 6. Why are Saskatchewan and Alberta designated as Primary Control Zones and have the strictest regulations?** *Saskatchewan and Alberta have relatively high numbers of cases, and low owner-requested testing.*
