

## Board of Directors Committee Population Policy

### Policy Purpose

To streamline the process for committee member applications by defining the process by which all committee members will be selected. The application process will create a fair and respectful process for determining the best candidates for all Saskatchewan Horse Federation Committees.

### Procedure

All potential new committee members, other than past or present board members, will submit the application form. The application form is designed to bring out the qualities and experience of the individual applicants that will allow the committee chair to assess each applicant and determine if they are the right fit for the committee(s) they are applying for. It will also serve as a bio for selected committee members for other board members that are not familiar with the individual.

### Application Form Review

The Committee Application Form will be reviewed yearly to determine if any changes are required that will aid in best determining the applicant's suitability.

Policy approved on \_\_\_\_\_ / \_\_\_\_\_ / \_\_\_\_\_ by the Board of Directors  
(month) (day) (year)
